

New New New

NEW CUSTOMERS

We've welcomed some new customers into the EA journey in the past few months, and been really encouraged by their desire to support what we do whilst enjoying great coffee.

There's also been an increased desire to tell the coffee story and show how you are supporting coffee farmers DIRECTLY through EA. If anyone wants more photos or stories - just ask, we have hundreds!

NEW COFFEE

Working overseas and direct is not easy but we're in the final stages of confirming a trial with some farmers from Cameroon and if that goes well it'll be a trip next year to West Africa to establish a full direct trade relationship.

NEW PROJECTS

SPONSORING STUDENTS at Kira Farm, Uganda this year has been a reminder of how easy it is to make a real difference.

Dorcas and Beckham have been taught some computer skills and that means we've had regular

updates by email on their progress as they learn farming, carpentry, tailoring as well as life skills.

Life-changing!

TREE-PLANTING was a new project we wanted to encourage since our last trip and along with some of our customers we've raised funds for new trees on Kilimanjaro. We anticipate a report back and even GPS locations of trees!

AND MORE...in 2016 we're hoping to support some local initiatives in Gloucestershire, and some more innovative water projects in Tanzania.

We're only a small business but we can help make a big difference to the lives we touch through trading relationships.

So, it's a time to welcome NEW CUSTOMERS, anticipate NEW COFFEES, and celebrate NEW PROJECTS...

But, NO NEW PRICES – we've held our coffee prices for 2016

All the best, Ian & EA Team
